*This tour gives you the unique opportunity to do a 2½ hour canoe trip on River Gudenaå – Denmark's longest river. We will start at Voervadsbro and sail towards Klostermølle (1½ hour). Here we will eat lunch and hear about the river management, the area's biology and heritage. After lunch we continue our trip to Emborg Bro (1 hour) where the bus will pick us up. The trip grade is very easy and everyone can participate. It will be a relaxing trip enjoying the flora and fauna while we gently sail down the river.*
